

Linear 100 **Surface Mount Wedge** Installation Instructions

Step 1

Unscrew end cap and slide out diffuser. Remove cover plate assembly by unscrewing screws at each end.

Step 4

Screw cover plate assembly back on. Keep wires tucked away.

Step 5

Slide diffuser back in and refit endcap.

Step 2

Secure fitting to ceiling via 2 x 6mm mounting holes along centre of the fitting.

Step 3

Wire in power to terminal block on fitting.
