

LimeLite Sales & Marketing Pty Ltd is a Victorian Family Owned Design & Manufacturing lighting Company. LimeLite takes pride in using the latest energy efficient lighting technology. With our national distribution network of agents who work with the commercial and architectural sector of the industry.

Proudly Australian

All LimeLite products are Australian designed, Australian made and Australian owned.

When Australian businesses support local suppliers, the relationship is built on trust, familiarity and personalised service. The key advantages we have found from supporting local businesses include the establishment of new networks and contacts, speed and efficiency of service thanks to our supplier's familiarity with our business. It is all about building relationships and growing together.

**Thank you for supporting
Australian made products, Australian
jobs and the Australian Economy.**
