

Linear 100 ULB Tee-Bar Installation Instructions

Step 1

Place Linear 100 ULB Tee-Bar fitting inside 100mm tee bar centered space (ceiling contractor to set space).

Step 2

Plug flex & plug into base. Feed excess cable into ceiling cavity.

Step 3

Feed fitting through Tee-Bar opening by turning it on its side and inserting one side at a time. Once fitting is in ceiling cavity drop into Tee-Bar opening.

Position options along 600mm Tee-Bar.
